Discover Turkey

Turkey has so much to offer her visitors; breathtaking natural beauties, unique historical and archaeological sites, steadily improving hotel and touristic infrastructure and a tradition of hospitality and competitive prices. Therefore, it is not surprising that this country has recently become one of the world's most popular tourism destinations. Due to Turkey's diverse geography, one can experience four different climates in any one day. The rectangular shaped country is surrounded on three sides by three different seas. Its shores are laced with beaches, bays, coves, ports, islands and peninsulas. The summers are long, lasting as long as eight months in some areas.

Turkey is also blessed with majestic mountains and valleys, lakes, rivers, waterfalls and grottoes perfect for winter and summer tourism and sports of all kinds. From the mountains in the east to the multi-million city of Istanbul in the west, from the mild climate of the black sea coast in the north to the Mediterranean in the south – Turkey offers a wide range of Contrasts .

Experience in Turkey

The city's over-abundance of important historic buildings and exciting new art galleries and museums provides visitors with more than enough to see during the day, but it's at night that the place swings into high-velocity, mega-stylish action.

Is a large metropolis in the western extremity of Anatolia. Standing on Mount Yamanlar, the tomb of Tantalus was explored by Charles Texier in 1835 and is an example of the historic traces in the region prior to the Hellenistic Age, along with those found in nearby. The Agora of Smyrna is well preserved, and is arranged into the Agora Open Air Museum of Izmir, although important parts buried under modern buildings are waiting to be brought to daylight. Serious consideration is also being given to uncovering the ancient theatre of Smyrna where St. Polycarp was martyred, buried under an urban zone on the slopes of Kadifekale. It was distinguishable until the 19th century, as evident by the sketching's done at the time. On top of the same hill soars an ancient castle which is one of the landmarks of Izmir.

Tour Code: IST/DCT: 3422

Evenning Tour

Sarnic Restaurant (The Cistern) is situated at the top of a sloping, narrow street behind St. Sophia where there are a series of guest houses. This magnificent building, borne on six massive stone blocks, has high brick domes and was originally built as a water cistern 1500 years ago. Whereas, recently (meaning 1960's and 1970's), it had become a car repair shop built on what appeared to be a pile of rubble. Turkey's Touring and Automobile Association, which transformed the houses in the street into guest houses, also cleared the accumulated dirt and rubble of centuries from this cistern, restored it and translated it into to a 'Roman tavern'. The excavation required to achieve today's "ground level" went down seven metres. During the process of this work it was ascertained that the bases of the six, massive, stone support blocks were embedded a further three metres in the ground! During the hot days of summer, the cistern offers a cool atmosphere and, when the night comes, it is swathed in the mystic glow of candle light. The soft golden light from iron chandeliers paints the place with all the colours of history. It is a place which testifies to the grand and dramatic synthesis of Istanbul's three thousand year history.

01-For Tour Operator Clients / CONFIDENTIALITY

This Tariff is strictly confidential and should in no way be used for comparison of prices with other parties

02. Tursab:

We are a Member of TURSAB, membership number **11196**. We are obliged to maintain a high standard of service to you by **TURSAB**. We can also offer you an arbitration scheme for the resolution of disputes arising out of, or in connection with this contract. Further information on the Code and arbitration can be found on **TURSAB's** website: www.tursab.org.tr

03-Our Tours and Rates:

On our price lists there are two different rates as “regular / seat-in-coach” and “private” ones in **EURO/€**. The main difference between these two is that there might be some other participants as well in a regular tour whereas private tours are made without any others rather than the clients who have booked it. Though private tours are relatively more expensive they are more convenient and flexible for the people who are keen on their privacy. Due to the fact that our regular tours can be booked until the very last moment we can never give you the exact number of the tour participants when asked in advance. It is also nature of the regular tours to combine some different tours having the same itineraries and therefore the guides and vehicles may be replaced with others at the time of touring.

On the price lists, **the first column refers to “regular/seat-in-coach” rates while the rest are based on “private” ones** and they are given on per person basis depending on the number of the participants. **One person private rates** do not include the single supplement fee and therefore is to be additionally charged.

Our private rates are given for up to 9 persons and if there become 10 or more participants a special rate will be given.

All the tax inclusive rates **that are valid exclusively for those except Turkish citizens** are given in **American Dollar** and are **net** without **commission** and valid between **01.10.2019 - 31.10.2023. EURO effective selling rate of the Central Bank** on the tour commencement day is taken into consideration on our invoices. **Departures are not guaranteed for the Turkish citizens who also hold the passports of the other countries as well as Indian, Pakistani and Middle East markets; please ask for this service in advance.** Both regular and private rates quoted on this tariff will be surcharged 10% for the Indian, Pakistani and Middle East markets due to the operational complexities.

All the tour rates include guidance in English (**Private tours can be carried out on the required language**), air-conditioned transportation and admission fees as specified on the itinerary, if otherwise noted. **Depending on the situation we can use a guide who can also drive at the same time or a separate guide and a chauffeur. GO TRAVEL TURKEY reserves the right to make decision in this respect without informing the other parties.**

All of our minimum 2-day tour rates include **accommodation at the designated hotels** on the specified basis. However, **we keep the right to change the hotels quoted under the tour details when necessary** (Without any surcharge). **If the hotel bookings are made by other parties than us only €15 per person/per night will be deducted from the total tour fee.**

The included meals on our tours are identified by letter codes in the tour descriptions as shown below. (However, all of our “private tours” are exclusive of lunch).

(B) = Breakfast (L)= Lunch (D)= Dinner

On our tours, no breakfast on the first day and no dinner on the last day are served unless otherwise noted.

Daily tours' rates do not include airport pick-up and drop-off fees while two day or longer ones cover pick-ups and drop-offs from/at the airports. (However, no surcharge for the private tours except the in-city tours)

Timings given for the daily tours are approximate ones and they are all subject to change. Pick-up times may vary depending on the number of the participants and hotel locations.

For all the accommodation included tours there will be 2 % discount for the third person who shares the same room with other two persons.

GO TRAVEL TURKEY provides every service a group may need, including (airline tickets, accommodations ranging from deluxe properties to budget hotels, pre-arranged meals, transportation, tour escorts, local guides or expert historians, tickets to concerts, theatre performances, and special events.

Any further taxes to be imposed by the government further to the release of this **Confidential Tariff** may also cause the rates to change. When the updated tariff is released the previous versions expire.

07-Guaranteed (Seat-In-Coach) Tours Policy:

However, **all the last minute booking requests forwarded within the last 7 days prior to the service commencement date need to be confirmed by us.**

Guaranteed departures are valid in case the guests join the tour on the very first day of the tour. Demands for joining to these tours at a different date and location are needed to be confirmed by us as a private rate will be applied if there become no other participants on these tours. However, further to our confirmation, if the already available participants cancel the tour and consequently no more people join the regular tour then **GO TRAVEL TURKEY** keeps the right to cancel the arrangements for the clients who will join the tour at a different stage rather than the original commencement date or to charge on private basis.

GO TRAVEL TURKEY also keeps the right to cooperate with some other travel companies that have a similar tour, if a necessity arises.

08-Minimum Person Requirement:

Some tours are subject to minimum person requirement. They need to be confirmed by us in advance. However, after the further confirmation if the rest of the participants cancel the trip at a later time and consequently there becomes less participants than the guaranteed number, **GO TRAVEL TURKEY** reserves the right to cancel any tour. On the other hand, if a guaranteed departure is restricted to minimum 2 persons and there is only one single participating person then this tour is made only with private rates. **Even if payment is made for total 2 persons in lieu of 1 single person this is not acceptable.**

09-The Sequence of the Visits:

Though our guides show the utmost care to follow the itineraries in the same sequence there might be alterations in the sequence of the visits to the scheduled sites and no refund can be demanded for that reason unless any sites or museums are missed. On the other hand, some visits can be carried out in rush or skipped (though not a common practise on our itineraries) during the short winter months (December, January and February) at which sun sets early evening.

10- Luggage Allowance

Every participant on our tours are allowed maximum 2 bags weighing no more than 30 kgs (66 pounds). Extra luggage can be accepted only when there is enough space on our vehicles. However, if there is no sufficient space for the third bag **GO TRAVEL TURKEY** keeps the right to refuse the extra luggage.

11-Exclusions on Our Services:

Our rates do **not** include passport and visa charges, travel and medical health insurance (This is recommended to be obtained in the origin country), excess baggage, all items not specifically mentioned as being included, and all items of personal nature such as laundry, telephone and other communication costs, all the beverages also including bottled water, tea and coffee, meals not detailed in the itinerary, and gratuities. Tips to the guides and drivers are customary and are left to the discretion of the guests.

12-Your Financial Protection:

The Package Travel, Package Holidays and Tours Regulations **2019/2023** require us to provide us to provide security for the monies that you pay for the package holidays booked from this brochure and for your repatriation in the event of our insolvency. When you buy an protected air holiday package (and/or flights from **GO TRAVEL TURKEY** you will receive Confirmation Invoice from us (or via our authorized agent through which you booked) confirming your arrangements and your protection under our Air Travel Organiser's Licence number 3006

13-Booking Requirements:

We will sincerely appreciate whether a non-smoking room and a twin bedded or a French bed room are preferred is advised **at the time of the initial booking**. The further requests in these regards might cause the hotels to overlook these details. Despite the fact that we will do our best to accommodate our guests accordingly we do not assume responsibility about these problems since some hotels may not offer such conveniences.

Normally bookings should be made no later than 45 days prior to travel. Later bookings will require written verification from a **GO TRAVEL TURKEY** Agent and prices may vary as a result..

14-Children Policy:

25 % discount is made for children between **03-10** years old while **0-2** years old ones are free on all the tours **even if these tours are daily ones**. (The discounts apply if the child shares the same room with their parents **as the third person** on the minimum two day lasting tours. **If a twin room is booked for children at the hotels then no child discount is applied**)

Please note in some hotels third bed only available as a portable / extra bed in a standard room and the room may be cramped. Children paying child prices do not count as an adult when calculating the occupancy of the accommodation and must pay all applicable supplements. The relevant discount applicable at each hotel is shown at the bottom of each price panel. Children who occupy a separate room on their own will not be entitled to a reduction and no reduction will be given on flight supplements. There is a minimal charge for children under 2 years of age for their flight, but no seat is guaranteed by the airlines. Please note child must be less than 2 years of age on the date of the return flight. The cost of the provision of food and cots is payable directly to the hotel

15-Smoking Policy:

Smoking is **strictly prohibited** in the tour vehicles. However, frequent stops are made so that smoking breaks may be taken outside the vehicles.

16-Payments:

All the payments should be received in full 7 days (for individuals) and 45 days (for groups of 10 or more) prior to the service commencement date through one of the options stated below. No services are rendered unless full payment is received prior to the service commencement date and no responsibility is assumed against the travellers.

The payments can be made through the following methods:

1- You transfer to one of our account numbers the details of which can be obtained on request.

All bank charges and fees need to be debited to the sender.

2- By a credit card through **VISA, MasterCard or American Express**. You may be billed in Turkish Lira at the current exchange rate and therefore the **€URO** amount you authorize might be slightly different than quoted by you on your credit card statement report due to fluctuations on the currency rates and the conversion commissions that may be charged by your bank.

€URO effective selling rate of the Central Bank on the tour commencement day is taken into consideration on our invoices. The pre-payments made in Turkish Lira should also reflect the **€URO** effective selling rate of the Central Bank on the payment date.

17-Holiday Price:

The balance of the price of your travel arrangements must be paid at least 8 weeks before your departure date. If the deposit and/or balance are not paid in time, we shall cancel your travel arrangements. If the balance is not paid in time we shall retain your deposit. All monies you pay to the travel agent are held by him on our behalf at all times.

The price of your travel arrangements was calculated using exchange rates quoted in the Financial Times Guide to World Currencies on **06thAugust 2020** in relation to the following currencies: **Euro 8.6122 / USD 7.2376**.

Changes in transportation costs, including the cost of fuel dues, taxes or fees chargeable for services such as landing taxes or embarkation or disembarkation fees at ports and airports and exchange rates mean that the price of your travel arrangements may change after you have booked. However there will be no change within 30 days of your departure.

We will absorb and you will not be charged for any increase equivalent to **2%** of the price of your travel arrangements, which excludes insurance premiums and any amendment charges. You will be charged for the amount over and above that, plus an administration charge of **€1.00 per person** together with an amount to cover agents' commission. If this means that you have to pay an increase of more than **10%** of the price of your travel arrangements, you will have the option of accepting a change to another holiday if we are able to offer one (if this is of equivalent or higher quality you will not have to pay more but if it is of lower quality you will be refunded the difference in price), or cancelling and receiving a full refund of all monies paid, except for any amendment charges.

Should the price of your holiday go down due to the changes mentioned above, by more than **2%** of your holiday cost, then any refund due will be paid to you. However, please note that travel arrangements are not purchased in local currency apparent changes have no impact on the price of your travel due to contractual and other protection in place.

18-Deposit and Final Payment

Full payment is required 15 days prior to dient arrival. Failure to meet the payment schedule will cause cancellation of the booking unless authorization for later payment is made in writing from **GO TRAVEL TURKEY**. (Some hotels and services may require an alternate payment schedule which will be advised at the time of confirmation).

Once you agree upon a quoted price and itinerary, we require a non-refunable **30% deposit** per group to begin the booking process.

If your booking includes air, we will advise you of the carries's additional deposit requirements at the time of confirmation and the additional deposits for the land arrangements. Deposits for land are refundable only if **GO TRAVEL TURKEY** is unable to confirm the services offered. Air and land service deposits may have additional restrictions.

Prices are guaranteed upon receipt of final payment To avoid the possibility of a price increase due to these factors, we recommend submitting payment in full upon confirmation.

19-Credit Card

We accept cash, traveler checks and major credit cards.

20-Changes

Any request for changes to be made must be in writing from the person who made the booking or your travel agent. If we can make such changes you will be asked to pay an administration charge of **15 %per person** and any further cost we incur in making this alteration. The related change fees incurred by the hotels and airlines will also be additionally charged. You should be aware that these costs could increase the closer to the departure date that changes are made and you should contact us as soon as possible. Daparture dates can only be amended within the same season, otherwise normal cancellation will apply.

Note: Certain travel arrangements and Airline Tickets may not be changeable after a reservation has been made or if tickets issued. Any alteration request could incur a cancellation charge of up to **100%** of that part of the arrangements.

First change on the requested services is free. Last minutes changes just prior to the service commencement date or at the time of implementation stage cause a lot of problems and extra expenses for us. However, we always do our best to assist to our esteemed clients to comply with their last minute requests. Any extra costs for such requests should be settled right away while any refunds can only be worked out at the conclusion of the services - **15 days** later after the completion of the overall services.

If we make a major change to your holiday, we will inform you or your travel agent as soon as reasonably possible if there is time before your departure. You will have the choice of either accepting the change of arrangements, accepting an offer of alternative travel arrangements of comparable standard from us if available (we will refund any price difference if the alternative is of a lower value), or cancelling your booked holiday and receiving a full refund of all monies paid. 21-Vouchers

If the tour operator issues its own vouchers, **GO TRAVEL TURKEY** may specify certain information be on the forms in order that the voucher be recognized by local suppliers.

22. Local Services & Conditions:

Our representatives have been chosen for their local knowledge of the area and will provide details of visits to classical sights, local places of interest and boat trips. Any local excursions, entertainment and other services you book and pay locally are not arranged by us; our local reps are only able to act as a booking agent for the organisers. If in any way you are disappointed with them; the matter needs to be dealt with on the spot through the local organisers in the resort. Any problems or claims for refund or compensation needs to be resolved while your holiday is in progress, as such items do not form part of your holiday contract with us. It is possible that you will share optional excursions with other tour operators and nationalities. Please remember that the operation and supervision of overseas transport, property and other services are subject to local laws, regulation standards and codes of practice of the individual country concerned. In other European countries, legal and safety restrictions may vary from the high standards that we are used to in the U.K. Public holidays and religious festivals may also affect the availability of the resort and hotel facilities. The relevant national tourist office can provide the details of such events and further information regarding your holiday to Turkey and Northern Cyprus.

Our experience has shown that most **GO TRAVEL TURKEY** clients tend to be more independent and as we do not wish to invade your privacy, our representatives will not visit on a regular basis. Should you need to contact our local office for any reason, we provide all clients with the address and telephone number with your tickets and documentation prior to departure.

23-Receive Tour Documents:

Prior to departure you will receive a detailed itinerary with local contact information, and service vouchers.

The itinerary and vouchers are for use by the group leader.

24- Pick Up / Drop-Off Issues:

At regular tours, as a general practise, **pick up time on the tour commencement day is 08.30 at the airports and 09.30 at the cities**. Those who arrive at the airport before 08.30 should wait until the pick-up time. Those who arrive in train station **in Ankara** should also wait until **09.30** for the other participants of the group.

The general drop-off time is 16.30 at the cities and 17.30 at the airports on our regular (seat-in-coach) tours. Those who are scheduled to fly on later flights can be taken to the airport around our routine times and no responsibility is assumed for the long waiting hours at the airports or train stations (**We recommend private tours for such cases or drop-off plans at the city centers with a further extra transfer service**)

Regular tours are offered from only central city hotels and an additional transfer fee can be requested depending on the location of the hotels (For instance, airport hotels in Ankara and Istanbul, Asian side hotels in Istanbul as well as those located along the European bank of Bosphorus beyond the limits of the Bosphorus Bridge.

All of our services are supplied between 08.00-18.00 within the day. If further services beyond these limits are required by the clients at the spot, **GO TRAVEL TURKEY** will charge this from them directly, unless confirmed and charged at an earlier stage.

25-Availability Issues:

We are asked from time to time whether there is any availability on a certain date at a certain hotel. Unless we make reservation with regards to this request availability can never be guaranteed. When we ask to the hotels about availability and they say the rooms are available this is valid only for that very moment. The rooms can be imminent to any others right away. Therefore, we strongly recommend to ask for reservation to guarantee the room as otherwise the availability at that moment does not guarantee the room even for the requests to be made in the following few hours.

26-Early Check-In/Out Requirements:

The hotels cannot confirm this until the very last moment as this opportunity is possible only in cases when the hotels are not fully booked on the night prior to check in date or the night after the check-out date. Therefore it is not possible for us to confirm this well in advance and should be checked through the hotel at the time of arrival. However, most of the hotels will be helpful on this issue as long as they are convenient while a few of them like Hilton Hotel, Barçelo Eresin Topkapı, Ciragan Kempinski Hotel, Four Seasons Hotel and some other deluxe hotels will require some extra payment. For your information, the general check-in and check-out times at the hotels are **14.00** and **11.00/12.00** respectively.

27-Airport Arrival Issues:

Due to the delays emerging from lost luggage problems in the planes or passport problems at the Customs **GO TRAVEL TURKEY** cannot be held responsible and the guests can be waited up to maximum 30 minutes on the regular tours if some other participants are already awaiting in the tour vehicle. However, if there are no other participants awaiting or it is a private tour then our team will do their best to assist the problem to be settled.

All the visa formalities at the arrived airports should be processed by our guests on their own since our staff is not allowed to access this point.

Those who have lost luggage problems sometimes do not get through the Customs and inform our staff promptly about the case by just waiting inside for quite some time. Our staff is not allowed to get inside by the Customs authorities and therefore there is no chance for them to look for our guests. That there is nobody out could make our staff think that our guests were not in the plane as all the other passengers of the same plane were already out. Therefore we kindly ask our guests to go out of the Customs and inform our staff that they are still awaiting inside due to the luggage problem before inquiring the issue as otherwise our staff can leave the terminal after having waited 30 minutes further to the leave of the last passenger of the same plane and no refund is given on such a case.

As our transfer staff is not allowed to the point beyond the Customs our guests are supposed to deal with the luggage handling on their own. Once they proceed to the terminal meeting point they will be assisted properly. For the groups with more than 10 participants the portage will be paid by our transfer staff while individual travelers should settle this on their own.

While our team is already awaiting at the airport, some guests may have difficulties from time to time in meeting them on arrival to the airports due to the extreme crowd despite their names are written on the boards that are held by our staff and also due to the early landings of the planes. If the guests take a taxi to their hotel without extensively looking for our staff and calling our office promptly no refund will be given in case our staff is still at the airport. Similarly all the guests who arrive at the airport earlier than the scheduled time are supposed to contact our office as our staff arrives to the airport 15 minutes ago prior to the scheduled landing time of the planes. For the delayed flights our staff can wait up to **maximum 2 hours**. For further delays our guests are expected to take a taxi to their hotel without any refund from our side. However, if the delays are advised to us in advance then there is no problem at all as our transfer service will be amended accordingly.

28-Missed Connected Flights:

If the guests miss the connected domestic flights due to the late arrival of the international ones no responsibility is taken and all the extra costs are charged from the guests. Therefore short connection intervals between the international and domestic flights are at the risk of our guests.

29-Air Tickets:

We do **not** take responsibility for the air tickets that are not issued by **GO TRAVEL TURKEY** and any reconfirmations or follow-ups should directly be handled by the guests themselves. We can also not be held responsible for the flight changes/cancellations incurred by the airlines.

30-Airline Clause:

We always consider the original departure schedule that is advised to us by our contacts. If the final departure details are different than what is given to us and we are not informed in this regard on timely manner we do not take responsibility for any inconvenience that may emerge on the airport transfer services.

Concerned airlines and their agents and affiliates are not to be held responsible for any act, occurrence, or events during the time passengers are not on board their aircraft. The passenger ticket constitutes the sole contract between the airlines and purchaser of these tickets and/or passengers.

31-Hotel Rates:

We give the utmost care to provide our colleagues with the most updated and current hotel rates list. However, on some certain periods like **New Year's Eve, Religious and National Festivals, Conventions, International Competitions, Special Anniversaries, etc.** almost all the hotels apply surcharge. Therefore, **GO TRAVEL TURKEY** keeps the right to revise the quoted hotel rates list at the time of booking. However, once the bookings are confirmed with their specific rates, no further charges are applied. Some of the blackout dates in Istanbul in 2013

32-Passport & Visas:

All the participants must have a valid passport for at least three (3) months with the appropriate tourist visa for the destination and/or transit country. It is the responsibility of the passenger to have the necessary documentation in their possession before travelling. Consult the appropriate consulate(s) for information on passport requirements. If the participant is unable to be on the trip or its part due to the absence of the documents required, he/she is obliged to cover any costs involved at his own expense.

We do not accept any responsibility if you cannot travel because, you have not complied with any passport, visa or immigration requirements.

Please contact the destination countries nearest consulate for updated details on visa requirements.

At the time of printing our brochure, British Visitors need an entry visa for Turkey only and **€15.00 per person** is payable on arrival at the airport. Please note that Scottish and Irish notes, coins, cheques or credit cards will not be accepted and no change will be given. No Visa Required for North Cyprus.

Please contact the destination countries nearest consulate for updated details on visa requirements

33-Health:

Health facilities, disease and hygiene risks vary worldwide. You should take health advice about your specific needs as early as possible. As health advice changes continuously for up to date information, immunisation and health matters you are advised to consult your doctor.

34-Right to Refuse:

We reserve the right, upon reasonable grounds, to refuse any passenger any part of the tour services, the right to decline to accept or retain any person as a tour participant, should such person's health, mental or physical condition (or the person's general conduct) impede the operation of the tour and/or the rights, welfare or enjoyment of other tour participants. In such cases, our (or our agents') responsibility, if any, will be limited to the refund of costs for any unused tour services.

35-Lost and Left Items:

GO TRAVEL TURKEY assumes no responsibility for the lost and left items at the time of the tours. However, if anything is returned to us by the hotels and the other related parties we can ship these items on to the required addresses. Then, the full shipment fee is charged by us prior to the shipment of the item. For the credit card payments, a convenience fee of 2.5% of the shipment fee is added on to the total charges. We regretfully do not accept payments on the destination.

36- Our Liability:

If the contract we have with you is not performed or is improperly performed by us or our suppliers we will pay you appropriate compensation if this has affected the enjoyment of your travel arrangements. However we will not be liable where any failure in the performance of the contract is due to: you; or a third party unconnected with the provision of the travel arrangements and where the failure is unforeseeable or unavoidable; or unusual and unforeseeable circumstances beyond our control, the consequences of which could not have been avoided even if all due care had been exercised; or an event which we or our suppliers, even with all due care, could not foresee or forestall.
