SUBMARINE

TOUR PROGRAM

EVERY TUESDAY - THURSDAY - SATURDAY - SUNDAY

Our tour begins with the arrival of the guests from the hotel to the Kaleiçi yacht marina and guests are informed about diving and submarine before diving. In addition to the unique beauty of the submarine on the dive, diving is made to the Saint Didier where is located at a depth of 35 meters.

The Saint Didier wreck is one of the most important wrecks of the Second World War. There are 3 jeeps and ammunition on a 100 meter long shipwreck. The ship still remains intact, and the story of what happened to the guests in 1941 is described in the Underwater.

Today, when you look from the Antalya Marina towards Konyaalti beach, you see a buoy in the sea. Right below this buoy, the sunken ship lying 35 meters deep above the sea has a sad story.

What's Included

- Transportation
- Marine Trip

What's not Included

- Extra Expenses

MANAVGAT BOAT TOUR

TOUR PROGRAM

EVERY MONDAY AND THURSDAY BETWEEN THE DATES 01.05 – 15.10

Manavgat is located a few kilometers from Side. During this daily trip. Although the Manavgat falls are not located at a very high point, the water cascades down with a great force and is a very pretty sight. Following a visit to the Manavgat falls and after a short break, your bus will take you to the market place, waiting to be explored. Here you'll find almost anything you want, including fresh fruit and vegetables, spices, dried fruit and all kinds of clothes and souvenirs. Towards lunchtime, board the boat on the Manavgat river. Sail past fish farm towards the point where the river meets the sea. Enjoy a river side break with a change to swim in the Mediterranean Sea, whilst our kitchen staff prepare a delicious lunch.

We recommend you try the fresh trout.

HIP – NOTICS / CABLE – PARK

TOUR PROGRAM EVERYDAY

You can enjoy a day full of Adrenaline by making surf on three lakes with cable in Antalya, Serik. Necessary equipments are given by institution.

Located on the southern coast of Turkey is the beautiful city of Antalya, where summers last for eight months and even winter days are mild and pleasant. Just 30 minutes from Antalya's International Airport is Hip-Notics Cable Ski Park. Finally, the possibility of year-round riding, so close to Europe's major cities!

Hip-Notics consists of three man-made lakes, continually fed by cool mountain run-off water on its way from the Taurus Mountains to the Mediterranean Sea. The lakes are approximately 170 cm deep; shallow enough to keep the water pretty warm most of the year. Located at the foothills and on the main Antalya-Manavgat road, Hip-Notics is as convenient as it is beautiful. Hip-Notics' lakes cover approximately 90,000 square meters of the property's total land area of about 200,000 square meters.

The six-pylon L-1 is 730 meters around. New obstacle park with selected Unit features

L-2 is shorter (at 540 meters) and consists of five pylons. Cable height on L-2 is 10 meters above water level.

L-3 consists of 2 X 2 tower systems. Both of them are training for new tricks.

Hip-Notics offers something for everyone!

Equipment rental is included in the price of admission but Hip-Notics' Pro Shop carries equipment, such as boards, bindings, helmets and life jackets for those who want to buy their own and sunglasses, sportswear and suntan lotion for those who want to look their best while riding. Wi-Fi is available throughout Hip-Notics so our guests can keep in touch with home and work. The Café offers fast food options. Lots of oversized pillows are scattered along the lakes so visitors can relax whenever they are not boarding/skiing. Hip-Notics is equipped with a professional sound system and speakers all around the lakes, so riders can listen to their favorite music while gliding on the water. Night riding is also available and is a delight on our illuminated lakes.

In short, Hip-Notics is the place that riders have been dreaming about. Only a couple hours away from Europe's major cities, yet warm, friendly and fun. Hip-Notics is also available for special camps, clinics or corporate events, in season or off-season.
